this natural resource during the **FREE Flow Festival** at Philly's [Fairmount Water Works](#) Sun. Families team up to build a water drop sculpture using 800 individual discs, play the "Splash Organ" and get inspired by the "Swim the Fishway" art installation to create their own finned friend to parade through a replica of the Schuylkill Dam fishway. Other family-favorite features include drip drums, a river net and light show. *(Photo credit: The Fairmount Water Works)*
