

# Programs & Events at the Fairmount Water Works

Summer 2016

## Tours

**River Reimagined: A Land & Water Tour** - Learn about the Fairmount Water Works, one of Philadelphia's first tourist attractions, and cruise the Schuylkill for a new perspective on sites along this historic river. Enjoy a short tour and a stroll along the Schuylkill Banks to the Walnut Street for a 1-hour narrated cruise.

**Dates:** 6/16, 6/30, 7/14, 7/28, 8/11, and 8/25 (2:30pm - 4:30pm)

**Cost:** \$22. For tickets: [www.fww-riverreimagined2016.eventbrite.com](http://www.fww-riverreimagined2016.eventbrite.com)

**Visit [www.fairmountwaterworks.org/tours](http://www.fairmountwaterworks.org/tours) to schedule one of these guided tours for your group of 6-15 people.**

**Hills of the Wissahickon** - Tromp the wooded valley of the Wissahickon and Monoshone Creeks. Learn the history, engineering, and ecology of several special sites. Walk downhill through the forest overlooking Forbidden Drive along the "Wiss". Your guide will put all these sites into a context of the larger Schuylkill River watershed and the urban water use cycle. We will visit the interceptor sewer, RittenhouseTown, and Saylor Grove constructed wetland.

**Falling Waters of the Schuylkill** - Choose from one of of four fascinating Schuylkill River natural and historic sites and we will customize a walking tour for your group. Learn about the connection of the original Schuylkill Navigation dams with the urban water cycle locally, and with the City of Philadelphia's landmark water system. See firsthand the thriving ecology of Pennsylvania's River of the Year for 2014, as we look for birds, turtles and fish.

## Yoga "Alfresco"

Join us every third Friday at 6:15pm for a special yoga class with Pop Up Yoga Philly by the serene waters of the Schuylkill River under the Fairmount Water Works Pavilion!

**Dates: 6/17, 7/15, 8/19, 9/16, & 10/21**

**Cost: \$17. Pre-registration strongly encouraged.**

*A portion of proceeds benefit FWW educational programs.*

## Free Family Programs

**Science Saturday** - Drop in every Saturday any time between 2-4pm and together, we'll explore different aspects of our environment during fun and interactive sessions in our water lab.

**Sunday Cinema** - Join us every Sunday afternoon for Sunday Cinema - a free series featuring movies and documentaries that surround a water theme. It's a great family-friendly event, and we'll show a different movie every month.

June: "Watermark" | July: "Hoot" | August: "The Land Before Time"

*(Film selection is subject to change.)*
